

Download Freedom 150 Alarm Manual

Program these features by first disconnecting power to the alarm (remove the fuse on the red wire), then selecting the position of "Dip Switches" as needed, and then repowering the alarm. Standard Features: The Freedom-150 features light flash, an electronic siren and horn honk output, and a built-in dual-zone shock sensor. Rearming, until alarm Rearms or a vehicle door is opened. 2-STAGE DISARM: If Disarming the alarm while it is triggered (siren sounding), the first press of any remote control button will only silence the siren/horn. A second press of the "Unlock" button will Disarm the alarm.
