Mona Lisa Awakening is about a New York nurse named Lisa. She always felt she was different due to her unique healing powers. She always felt she was different due to her unique healing powers. One night, she meets Gryphon, a Monère. "Mona Lisa Darkening" number four in the Monere series doesn't do much to advance the plot but it's entertaining - a paranormal fix that has become a guilty addiction for me. Mona Lisa is evolving as an appealing heroine: bold, brave and sexy as sin. In this chapter, she finds herself in real danger.
